2 The above financial results have been reviewed by the Audit Committee of the Board and approved by the Board of Directors at its meeting held on August 12,2021. The financial results for the quarter ended June 30, 2021 have been subjected to "Limited Review" by the statutory auditors of the Bank. Their report thereon is unmodified.

3 The figures for the quarter ended March 31, 2021 are the balancing figures between audited figures in respect of the financial year 2020-21 and the year to date figures upto December 31, 2020.

4 The Bank has applied its significant accounting policies in the preparation of these financial results that are consistent with those followed in the annual financial statements for the year ended March 31, 2021.

5 Consequent to the outbreak of the COVID-19 pandemic, the Indian Government announced a lockdown in March 2020. Subsequently, the national lockdown was lifted by the Government, but regional lockdowns continue to be implemented in areas with a significant number of COVID-19 cases. During the quarter ended June 30, 2021, India experienced a "second wave" of COVID-19, including a significant surge of COVID-19 cases following the discovery of mutant coronavirus variants.

The impact of COVID-19, including changes in customer behaviour consequent to pandemic fears, as well as restrictions on business and individual activities, has led to significant volatility in global and Indian financial markets and a significant decrease in global and local economic activities. The disruptions following the outbreak, have led to a decrease in loan originations and the sale of third party products and the efficiency in collection efforts. This may lead to a rise in the number of customer defaults and consequently, an increase in provisions there against. The extent to which the COVID-19 pandemic will continue to impact the Bank's results will depend on ongoing as well as future developments, which are highly uncertain, including, among other things, any new information concerning the severity of the COVID-19 pandemic, and any action to contain its spread or mitigate its impact when government-mandated or voluntary.
